### MINUTES

### Q-Life Regular Board Meeting Wednesday, July 6th<sup>th</sup> 2016 Noon Deschutes Room, Wasco County Courthouse

**<u>Call to Order:</u>** Vice-President Dan Spatz calls the meeting to order.

Roll Call: Brian Ahier, John Amery, Tyler Stone, Taner Elliott, Dan Spatz, Roger Nichols, Scott Hege, Kate Mast

Approval of July 6, 2016 Agenda: Scott Hege moves to approve the Agenda. Taner Elliott seconds.

<u>Approval of May 26, 2016 Board Minutes</u>: No requested changes. Taner Elliott Moves to approve the Minutes. Scott Hege seconds.

Keith Mobley joins the meeting via phone.

<u>Financial Reports</u>: Kate Mast reports it has been discovered that engineering, permitting and legal funds were allocated in the Maupin Fund, when it was originally thought there were none. Kate has run the preliminary end of June reports and has made the appropriate adjustments. This will mean there will be less to track regarding the Maupin Fund in the future.

Kate reiterates that the June reports that have been run and sent to QLife Administration are preliminary until all the payables and receivables come in for June and after the audit.

Tyler and Kate both agree that QLife will be over-expended on a few line items but the overall category will be okay.

Kate Mast explains to the Board that previously she did not attend QLife meetings. She wanted to discuss whether she is needed in future meetings. The Board agrees that it is beneficial to have her present to discuss the financial reports but she does not need to stay for the entirety of the meeting.

**<u>Reports</u>**: John Amery explains while attempting to implement a new monitoring solution it was determined that the service hard-drives were failing. A new NAS has been purchased. It has not put the network at risk; John was able to capture most of the pertinent information.

During the network 2015-16 audit it was discovered that not all information had migrated to the new system after an upgrade of OSPInsight was done. He has been told it is an easy solution and expects this to be resolved soon.

Tyler Stone adds that QLife Administration has sent up a bi-weekly meeting with Aristo Networks, Commstructure and Administrative Staff. Tyler explains that he feels these frequent meetings are pertinent to QLife's future. From a budgetary aspect it will have to be something that is monitored because QLife is utilizing John and Erik on a more in depth basis than before.

**Discussion: Pricing Clarification & Resolution 16-006:** Tyler Stones explains to the Board that we have signed our first Wholesale customer and how the current pricing structure does not address a Wholesale model.

Tyler asks what the idea for Participant pricing was, considering that it is not significantly different than Non-Participant pricing. He addresses the language in the pricing that has given the impression to Participants that once they have signed a service order with a specific pricing they will continue to get that price on future service orders. Considering the language, current service order circumstances and questions from concerned Participants Tyler Stone called Nolan Young to clarify the language in the existing Resolutions. Nolan Young explains the intention was to get everyone onto the QLife network and

when the new pricing was approved it applied to all new service orders moving forward and that previous pricing would not apply.

Moving on to the 5 year contract part of the pricing, Tyler states he understands that we will cover the cost of the build-out as long as we recover the cost over the life of the contract. However, the pricing does not address the fact that QLife would be maintaining that connection without any additional income.

As far as MRC pricing goes, Tyler explains we seem to be competitive at higher bandwidths and not competitive at lower bandwidths. Dan Spatz asks if we have a Market Pricing Analysis, which we do not.

Erick Larson joins the meeting at 12:41 pm.

Keith Mobley states that Chris Tamarin would be a valuable resource in understanding how to deal with our pricing structure. Keith agrees to reach out to Chris and email him the 16-006 pricing resolution draft.

<u>Maupin Project Update</u>: Steve Ballard, James Greenwood and Dan Neely introduce themselves to the board via Skype. All aerial and underground fielding is completed. The CAD shared backbone prints are 80% complete. The QLife lateral prints are 40% complete. Railroad and ODOT permits have been submitted. Commstructure is still waiting on Wasco Electric for pole approval. Hope to achieve pole approval by August 1<sup>st</sup> and designing complete by the end of August. There would be a bid time frame of 4-6 weeks after that before moving into construction; ideally construction would begin in the 4<sup>th</sup> quarter of the year, which is on project timeline.

James Greenwood explains LSN would like to be the owner of the pole attachments. They are willing to sign an indefeasible right-of-use agreement. Keith Mobley and Commstructure agree that it is time to start that conversation with LSN.

<u>Credit Lines at Major Distributors</u>: John Amery explains there is a need to establish credit lines with vendors to begin inventorying supplies.

Tyler Stone asks if the Board wants to grant him the authority to fill out credit applications. The Board agrees. Erick Larson moves to delegate authority to Tyler Stone to obtain credit to purchase build-out supplies. Dan Spatz seconds. Motion passes.

Tyler explains there is a purchasing threshold of \$2500; any greater amount would have to come to the Board with three bids. Tyler suggests increasing that amount to \$10,000. He also suggests the Board appoint him Authorized QLife Officer, Brian Ahier suggests changing the wording altogether to Authorized QLife Representation. Dan Spatz moves to approve \$10,000 purchasing threshold and authorizing Tyler Stone as Authorized QLife Representative, Erick Larson seconds. Motion passes.

<u>Administrative Overhead Cost</u>: Tyler Stone explains there is \$15,000 stipend in the existing IGA agreement between QLife and Wasco County. Brian Ahier states in the past the City would submit a bill based on Nolan's and Izetta's time.

Keith Mobley explained the agreement is almost an exact copy of the agreement with the City.

Erick Larson explains the stipend is an annual fee paid to QLife on top of monthly billed hours. Tyler Stone states QLife will begin billing July 1<sup>st</sup> based on our loaded hourly rates.

# Executive Session: (2)(g) Competitive trade or commerce negotiations and (2)(m)(E) Discuss information regarding security of telecom systems and data transmission

Next meeting on August 25, 2016 at noon.

RE: Financial Report for QLIFE – June 2016 - Preliminary

### **BANKING:**

QLife monies are deposited into a separate bank checking account. QLife also has a Local Government Investment Pool (LGIP) account where excess funds are maintained in order to earn some interest.

The information below is a comparison of budget to actual revenues and expenditures for the month just ended by fund. This information is not audited, but is reviewed by the Finance Department for clarity and budget compliance.

100% of the year has passed.

Each fund exceptions narrative has four possible paragraphs; 1 - is the beginning balance, 2 - is new revenues, 3 - is expenditures and 4 - if present, is budget changes.

Cash at Month End \$125,879.53

### **Exceptions:**

1) <u>Beginning Balance</u>: \* *The Beginning Balance figures used here have been audited.* The Beginning Balance is \$13,260 more than budgeted.

### 2) <u>Revenues</u>:

- a) At 100% of the year, we have received 100.003% of the budgeted charges for services revenue.
- b) Miscellaneous revenue in the amount of \$956.67 was received in October from Transgroup Worldwide as payment for a QLife invoice for services when a transformer was moved through town. An additional \$2,867.83 was billed and received for another transformer move in February.

### 3) Expenditures:

- a) The Legal Services line item has been over-expended by \$4,080.00. Since there is no budget in the Maupin Fund for these expenses, \$6,810 of legal fees related to the Maupin project have been posted to this line item. These expenses are being tracked with the MAUPIN project code, which will allow us to track them and, when the Maupin project is completed and that system is generating its own revenue, those expenses will be repaid to the Operating Fund.
- b) The Engineering Services line item has been over-expended by \$3,974.76. \$12,044.75 of Maupin Project engineering and \$4,677.50 for the Maupin Feasibility Study had been posted here, but these expenses were moved to the appropriate Maupin Fund line items in June.
- c) The Liability Insurance Line Item has been over-expended by \$1,300.00. I believe only the Special Districts Liability insurance was budgeted in this line item, but the \$1,600 Pole Attachment Bond was appropriately also posted to this line item. This should not require any budget adjustments, as the category should not be over-expended at the end of the year.
- d) The Memberships/Dues/Subscription Line Item has been over-expended by \$557.85 due to dues being paid in February in the amount of \$575.00 to the Oregon Joint Use Association.
- e) The Office Supplies line item has been over-expended by \$195.41.
- 4) Budget Changes:
  - a) The Board approved a supplemental budget creating the new QLife Maupin Fund (602) and budget amendments to provide additional funds for the Interim Manager in the QLife Agency Fund (600) on January 21, 2016.
  - b) We anticipate that no budget adjustments will be necessary, as the Materials & Services category in total should not be over-expended at the end of the year. However, we will keep an eye on it and, if necessary, will provide a budget amendment resolution for the June 23, 2016 Board meeting.

Cash at Month End \$871,632.84

Exceptions:

- 1) <u>Beginning Balance</u>: \* *The Beginning Balance figures used here have been audited.* Beginning Balance is \$22,764 <u>less</u> than budgeted. With an additional \$13,260 in the General Operating Fund, the combined negative amount is just \$9,504. This is not a concern as we have budgeted for a \$331,717 increase in reserves this year.
- 2) <u>Revenues</u>: .
- 3) Expenditures:
- 4) Budget Changes: No budget changes have been made to this fund this fiscal year.

<u>Aristo Technical Management Report</u>

Aristo Networks LLC Technical Management Report By John Amery 7/22/2016

Items of Discussion:

- Qlife is implementing a new monitoring solutions for Qlife's electronics and plans to have the new system fully operating by end of June.
  - Update (7/22/16) Due to hard drive corruption on Qlife's server all Virtual submachines required rebuilding.
    - A new NAS (Network Attached Storage) server was purchased and deployed.
    - All virtual machines have been updated to latest versions of OS with updates.
    - We are currently working on deploying the new monitoring solution.
- 2015/2016 Audit is expected to be completed by end of June.
  - Update (7/22/16)- waiting for an update patch from OSPInsight (Qlife's GIS based documentation solution) before inputting additional information. After patch has been applied it shouldn't take long to complete entry of final data.

### RESOLUTION No. 16-003

## A RESOLUTION AMENDING RESOLUTION No. 11-002 ESTABLISHING SERVICE RATES AND FEES FOR THE QUALITYLIFE INTERGOVERNMENTAL AGENCY.

WHEREAS, the QualityLife Intergovernmental Agency (QLife) is an open access provider of broadband services to The Dalles area, and;

WHEREAS, QLife has customers desiring service, and;

WHEREAS, QLife is willing and able to provide certain service to its customers, and;

WHEREAS, the QLife Board wishes to adopt charges and fees for services it provides

# NOW, THEREFORE, BE IT RESOLVED BY THE QUALITYLIFE INTERGOVERNMENTAL AGENCY BOARD AS FOLLOW:

SECTION 1: Resolution 11-004 and QLife's Policy on Lease of Dark Fiber approved July 24, 2007 are both repealed.

SECTION 2: <u>Customer Classes</u>. For the purpose of this resolution, QLife shall have two classes of customers.

A. <u>Participant Customers (Participants)</u>. The following specific customers who played an essential role and assumed some risk in helping the QLife system become operational:

- 1. Wasco County
- 2. City of The Dalles
- 3. Mid-Columbia Medical Center
- 4. Northern Wasco County School District 21
- 5. Region 9 Education Service District
- 6. Columbia Gorge Community College

### B. All Other Customers including Wholesalers

SECTION 3: <u>Rates and Fees</u>. Effective the date of this resolution service rates, fees and charges for the QLife system shall be as follows:

- A. <u>Broadband Transport Service</u>.
  - 1. <u>Participants</u>. Either the amount established in an existing service order previously signed between the participant and QLife and any continuation of those service orders or, for new service requested after the adoption of this resolution:
    - a. 10 Mbps; \$200/ month,

### "QLife Network"

## RESOLUTION No. 16-004

# A RESOLUTION AMENDING THE QUALITYLIFE INTERGOVERNMENTAL AGENCY'S POLICY FOR LINE EXTENSIONS.

WHEREAS, the QualityLife Intergovernmental Agency (QLife) is an open access provider of broadband services to The Dalles area, and;

WHEREAS, QLife has customers desiring service, and;

WHEREAS, QLife is willing and able to provide certain service to its customers, and;

WHEREAS, the QLife Board has a policy for line extensions for customers and wishes to amend that policy.

# NOW, THEREFORE, BE IT RESOLVED BY THE QUALITYLIFE INTERGOVERNMENTAL AGENCY BOARD AS FOLLOW:

Section 1: QLife's Policy on Line Extension approved July 24, 2007 is repealed.

Section 2: <u>The purpose of this policy</u> is to establish a standard procedure for extending fiber optic lines from QLife's primary loop and spurs to other business locations.

Section 3: <u>The primary purpose of QLife</u> is to be a middle mile provider, which includes the loop and service hubs and spurs. This policy will allow, under certain conditions, QLife to extend fiber lines to certain customers in order to enhance the overall benefit of the fiber optic loop to the community and allow it to serve its primary mission of "Quality of Life Though Connectivity". QLife is an open network and as such, any potential user may connect to an appropriate location in accordance with this and other Board approved policies.

### Section 4: When to Extend Lines

It will be the policy of QLife to extend fiber-optic spur lines with hubs from the loop for the following classes of customers if they qualify under the guide lines identified in Section 6.

A. Participant Customers (Participants). The Six customers identified in section 2 A of the rate schedule (Resolution 16-003). This category will receive first priority of QLife resources and will be given certain incentives identified elsewhere in the policy.

B. All other customers and wholesale providers.

### Section 5: <u>Type of Line Extension</u>

- A. For the purpose of this policy, there are three types of system line extensions:
  - 1. <u>Primary fiber optic loop,</u> to be extended by QLife when the guidelines in Section 6 are met as determined by the Board.
  - 2. <u>Service Hub</u> (includes spur line from primary loop) to be extended as outlined in Section 6.
  - 3. <u>Service line:</u> fiber optic line from the hub to a customer's de-mark plant (where electronic device is located) as outlined in Section 6

B. Service lines will be extended to customer's facilities at a location approved by QLife. Customer will provide raceways from the exterior of the building to the approved customer de-mark location if located inside the building, in accordance with QLife specifications.

## Section 6: Guidelines for Line Extension

The determination of eligibility for primary loop, hub and service line extensions and method for financing the cost of extending lines will be as follows:

## A. Participants

QLife will use its resources to extend sections of the primary loop, Hubs and Service Lines to specific site, if the participant will sign a five (5) year service contract that guarantees QLife revenue over the life of the contract, sufficient to meet debt payments created by the costs of the extension or equal to costs paid for by QLife from reserve funds.

If less than a five year contract is signed by a participant they will have the three options identified in section B for Wholesale providers

B. Wholesale Providers and other customers have three options to then to pay non-recurring costs (NRC) for fiber optic line extensions needed to service new customers:

- 1. Pay QLife the actual costs of line extensions constructed by QLife contractors.
- 2. If the customer signs a three year service contract, QLife will pay 50% of the NRC up to an amount equal to one third of the projected revenue QLife will receive for the service contract (including both uplink and loop revenue under the Alternative Whole Pricing model). If the actual cost of extending a line exceeds 50% the fees that will be received from the customer, then the customer shall pay the additional cost.

3. At the time a provider proposes a new service line, , the proposer may also submit a proposal to construct the needed system improvements in accordance with QLife's construction standards. QLife at its discretion may accept that proposal. The provider's proposal can include the actual connection to QLife fiber if QLife had previously certified the provider's splicer to do work on the QLife system.. QLife's cost for the connection including inspection of the work done by a provider r will be reimbursed to QLife by the customer unless a three year contract is signed, in which case QLife will pay for up to 50% of the full connection costs, including work done by the provider on QLife's service line, as allowed under section 6B(2) above..

### Section 7: Equipment for Lit Services

The customer may either pay the full cost of equipment required for lit service or provide their own QLife approved equipment. Customer allows QLife rights and access to monitor line extensions using customers equipment

Section 8: Effective. This resolution shall be effective February 1, 2016.

If less than a five year contract is signed by a participant they will have the three options identified in section B for Wholesale providers

B. Wholesale Providers and other customers have three options to pay non-recurring costs (NRC) for fiber optic line extensions needed to service new customers. Any request for line extensions under this section is at the option of the Board and shall be in alignment with the goals and initiatives of Qlife. All line extensions upon completion shall become the sole property of QLife.:

- 1. Pay QLife the actual costs of line extensions constructed by QLife contractors.
- 2. If the customer signs a three year service contract, QLife will pay 50% of the NRC up to an amount equal to one third of the projected revenue QLife will receive for the service contract (including both uplink and loop revenue under the Alternative Whole Pricing model). If the actual cost of extending a line exceeds this amount, then the customer shall pay the additional cost. This credit toward connection costs is a one-time use it or lose it cost share. For each customer drop this credit will be given on the initial service order only. As additional customers are added to the loop, NRC cost share will be given for each additional order based on this same formula. All cost share dollars are use it or lose it for the order they were earned on and cannot be carried forward to future orders. If Host Circuits are upgraded, only the incremental revenue would count towards the cost share calculation and would only be available to circuits ordered in conjunction with the host circuit upgrade. no cost share will be available for the upgraded circuit.

3. At the time a provider proposes a new service line, the provider may also submit a proposal to construct the needed system improvements in accordance with QLife's construction standards. QLife at its discretion may accept that proposal. The provider's proposal can include the actual connection to QLife fiber if QLife had previously certified the provider's splicer to do work on the QLife system. QLife's cost for the connection including inspection of the work done by a provider will be reimbursed to QLife by the customer unless a three year contract is signed, in which case QLife will pay for connection costs, as allowed under section 6B(2) above

4. Provider would be allowed to build portions of the network extension being requested at the sole discretion of Qlife. Provider would build the agreed upon segment at a cost equal to the amount allocated to that segment or at providers cost, whichever is less. Provider will submit to Qlife a detailed accounting of the segment costs upon completion. **Comment [WC3]:** Need Keith's input here on public contracting

**Formatted:** List Paragraph, No bullets or numbering

**Comment [WC4]:** Not sure about this language because it may not be cost or operationally efficient to manage two contractors on a single build when one could do all of the work. Public contracting rules need to be evaluated. May need to solicit for companies to provide services at a base rate and have several that are pre-approved or some variation thereof.
